

The textbook that corresponds to the courses in this Specialization is

[Executive Data Science: A Guide to Training and Managing the Best Data Scientists](#)

written by Brian Caffo, Roger Peng, and Jeff Leek. This book covers all of the topics covered in this specialization and provides some additional examples. It is available in convenient e-book format and can be used on major e-book readers (there are versions for Kindle, iBooks, and there is a PDF version). This book will serve as a useful reference while you take the course and is a way for you to take the notes with you after the course is completed.
